

TYPICAL APPLICATIONS

Application	Examples
Analyzer Points	
Instrumentation Taps	
Bearing Taps	
Level Measurements	Magnetic level gauge, sight glass, diaphragm seals
Flow Measurements	Orifice flanges, venturis, flow nozzles, DP transmitters
Pressure Measurements	Pressure gauges, pressure switches, pressure transmitters
Temperature Measurements	Temperature gauges, temperature sensors, etc.
Power Plant	Saturated and Superheated steam, fly ash, geothermal
Oil & Gas	
Well Heads	Crude oil, Fracking
Refinery	FCC, Alky, Coker, Ethylene
Chemical	Resins, Soda ash, Phosphate, Potash
